### **COMPETITION STANDARD**

*\*OFFICIAL TESTING AT SUPER WORLD CHAMPIONSHIP\**

#### **COMPETITION STANDARD**

- a) All Competitive category racers are expected to explicitly follow all of the rules as stipulated in the Rules of Competition, and participate in a spirited and competitive manner.
- b) Open category racers are also encouraged to abide by these Rules in the spirit of sportsmanship and personal accountability, despite the more relaxed atmosphere within this category.
- c) The Head Official is ultimately responsible for the execution and upholding of these Rules.
- d) Any Competitive racer that fails to start in their assigned heat start time may receive a time penalty or be disqualified from Competitive categories and moved automatically into Open.
  - Where a time penalty is given; 10 minutes will be applied to their finish time.
  - Where it is determined that there was a clear competitive advantage to a racer failing to start in their assigned heat start time, they will be automatically moved into the open category.
- e) Any competitor who starts in an incorrect heat shall be ineligible for awards including qualification to any championship events.
- f) Elite competitors who do not start in the correct heat will be moved to the Open category, without the option to receive a time penalty.
